

# Xu WANG

Senior Partner

Patent Attorney

Authorized Patent Litigator

Legal Professional Qualification Certificate

Mr. Wang is mainly engaged in patent applications in the fields of pharmacy, chemistry and biology. His practices involve pharmacy, chemistry, and biology, including: medicinal chemistry, pharmaceutical preparations, natural medicines, biopharmaceuticals, pesticides, cosmetics, medical devices, genetic engineering, fine chemicals, detergents, and polymers. He provides clients with legal services in patent application, consulting and search, patent reexamination and invalidation, patent infringement analysis, patent administrative litigation and infringement litigation.

Mr. Wang obtained his bachelor and master degree in Pharmaceutical Science from Shenyang Pharmaceutical University. Before joining CSPTAL in 2000, he had worked as a researcher on pharmaceuticals in Chinese Academy of Military Medical Science for several years. He became a patent attorney in 2000 and then gained his Legal Professional Qualification Certificate in 2005. He also received the professional training at a US law firm in 2002.
